APPLYING TO MAGDALEN COLLEGE SCHOOL, OXFORD

ENTRY PROCEDURES (AGES 7 TO 13)

INTRODUCTION

Founded in 1480 by William of Waynflete, Magdalen College School is a day school, educating boys from the ages of 7 to 18 and girls in the Sixth Form. Pupils are normally admitted to the Senior School at age 11, 13 and 16 and to the Junior School at 7 (with some joining in subsequent years, dependent on the availability of places). It may sometimes be possible to admit pupils into other years: all enquiries should be made to the Registrar.

MCS is committed to admissions procedures which are fair, transparent, and designed to reward potential not merely attainment. In assessing all applicants to the school, we look for potential, not simply current attainment. We take a keen interest in the school reference, the wider interests of the pupil, and any other applicable information. The MCS papers and interviews are designed to explore the way in which each candidate thinks, helping us to assess overall promise. No special preparation is expected or required for the tests. We aim to make our admissions process enjoyable for both the candidates and their parents.

VISITING AND REGISTRATION

The best way to find out about MCS is to visit us. We offer an Open Morning in September and there are many opportunities to visit the school throughout the year to see our facilities, meet staff and current pupils and ask questions. Further information about our Afternoons with the Master, booking forms, and a list of admissions dates are available on the school website.

Individual appointments are available with the Registrar to discuss admissions issues.

MCS does not give priority to candidates who are registered early. The deadline for registrations is the end of October in the year preceding entry for all candidates, except those applying to join MCS at age 13 from preparatory schools via Common Entrance or the Scholarship route. In their case registration should be by the end of October when the candidate is in Year 6, to allow for the Common Entrance pre-test which is taken in January of that year at the same time as the 11+ tests. A registration form can be downloaded from the school website or obtained from the Registrar.

Before the Tests

In November we email all those who have registered for entrance tests, formally inviting candidates to attend. This email contains a reply slip for parents or guardians to complete and return. We will also request a school reference from the Headteacher of the candidate's current school. A second email providing details of the day itself, including the timings of the different tests, will be sent in December.

Junior School, 11+ and 13+ candidates sit the appropriate entrance examination between January and March preceding entry in September (see Admissions Dates, page 7, for details). Common Entrance candidates sit our Pre-test in January in Year 6 for entry in Year 9 and sit the same papers as the 11+ pupils. Sample papers for all entry stages can be found on the school website.

After the Tests

Most candidates are invited back for interview. We ask each boy to bring an item that he would like to talk about – for example a souvenir, picture or object of particular interest or importance to him. This is to help stimulate discussion.

At 7+ boys come for observation lessons, held about a week after the 7+ test day. These are in small groups. In the course of this lesson, each boy will leave the group to meet the Head of Junior School for a short informal interview. From 8+ to 13+, boys also do a short piece of reading for an oral comprehension as part of the interview process.

Tests for Entry to the Junior School

At 7+ boys take tests in English and Mathematics. From 8+ boys take tests in English, Mathematics and Verbal Reasoning. These are followed about a week later by interviews, as outlined above.

Tests for Entry at 11+

At 11+ boys take tests in English composition (fiction and non-fiction essays), Mathematics and Verbal Reasoning. They also have the opportunity to take part in an activity on the test day, as well as having lunch and breaks with snacks.

Tests for Entry at 13+

There are two methods of entry to the school at 13+: the Common Entrance Examination for boys at preparatory schools; and the 13+ Entrance Examination for candidates from maintained schools and independent schools where pupils are not prepared for Common Entrance.

Common Entrance papers are taken in the June preceding entry in September. Candidates are expected to perform to a suitable standard – for MCS this generally means in the region of 70%. Prior to this, candidates take the Pre-test in conjunction with those taking the 11+ in the January of Year 6, and sit the same English, Mathematics and Verbal Reasoning tests. Following the Pre-test, candidates are offered provisional places, subject to their performance at Common Entrance or Scholarship level.

The 13+ Entrance Examination takes place in March prior to September entry. Candidates take papers in English, Mathematics, Verbal Reasoning and either French or another modern foreign language.

ENTRY PROCEDURES (SIXTH FORM)

Registration and Testing

Individual appointments are available with the Registrar to discuss Sixth Form admission issues. The appointments start in September, and take place in the school day. Preference will be given to those who have already registered with the school.

Sixth Form registration forms are available through the Registrar's office or on the school website and must be submitted by 31st October. Applicants are able to apply for a bursary at this stage (see below).

Candidates will be invited to the A-Level Options night in November where they will have the chance to meet Heads of Departments and discuss A-Level choices.

Interviews start in November. There will be at least a week's notice of the interview date. These will take place from 5.00pm and will last two hours. References from a candidate's current school will be sought ahead of the interview.

The general interview will focus on academic interests, GCSE predictions, A-level choices, Waynflete Studies, extra-curricular interests and any questions the candidate may want to ask. There will be another two specialist interviews with senior members of staff, whose identity

will depend on the candidate's likely focus in the Sixth Form – science or arts.

Candidates will also sit a 45-minute Verbal Reasoning test while they are at the school as this helps to give MCS a standardised reference point for every pupil. We do not ask applicants to do any form of exam save in exceptional cases.

Sixth Form applicants whose first language is not English are required to have obtained IELTS Level 7. Please contact the Registrar to discuss this.

Offers will be made from 1st December. These will be principled and positive: we do not intend to make offers that we think applicants cannot obtain, and we will only give offers to those who we are confident will thrive here. Candidates will be expected to achieve around 6A*s or equivalent at GCSE and, in particular, A*s in those subjects they wish to take at A-level.

Bursary awards will be considered once a formal offer has been made.

Acceptance

In March, there will be a Quiz Night for all pupils entering the Sixth Form. Candidates will meet Sixth Form teachers, Heads of Department, current Sixth and Fifth Formers and will begin to finalise A-Level choices.

Please feel free to contact the Registrar at any stage of the admissions and applications process (registrar@mcsoxford.org).

SCHOLARSHIPS, AWARDS AND BURSARY PROVISION

INTRODUCTION

Magdalen College School is historically committed to offering places to those most able to benefit from an MCS education, irrespective of financial means, and to rewarding excellence.

The school is proud of the Scholarship and Bursary provision which it has been able to establish over many years. This owes much to the assistance of many benefactors and friends of the school, whose generosity is annually acknowledged at the Commemoration Service in the University Church. The school, in common with many other leading independent schools, assigns a percentage of its annual income to its Scholarship and Bursary scheme, thus benefiting a significant number of children each year. We seek to make our scheme as broad, flexible and imaginative as possible, whilst also conforming to national guidelines.

These pages contain a summary of the financial assistance and awards available at each relevant level of entry (11+, 13+ and 16+) along with details on how to apply.

SCHOLARSHIPS

Scholarships and Exhibitions are awarded on entry to the school, or internally, in recognition of a pupil's merit and potential.

Music, Art and Sport Scholarships are available at 13+ and 16+. Drama is also available at 16+.

All-Rounder Awards are made to a number of pupils of high academic ability who are likely also to make a substantial contribution to the wider life of the school.

Governors' Presentation Awards are made to a pupil on entering the school as a recognition of talent and potential which might develop into the eventual award of a Scholarship or Exhibition.

Honorary Scholarships and Exhibitions do not carry any less esteem within the school, or to wider communities such as universities, but they do not have a financial value. These are awarded to existing pupils at 13+ and 16+.

In order to maximise financial efficiency and educational benefit, no pupil may hold more than one Scholarship or Exhibition bringing with it financial recompense: the second and any subsequent award will always be Honorary. In certain circumstances, Honorary Awards may be made to those who are already members of the school who have progressed in the school to such a standard that their achievements merit wider recognition.

HOW AWARDS ARE MADE

All awards for each year group are made in the year preceding entry. Awards are made by the Master, as soon as possible after decisions about entry to the school are made and/or exam results are known. In addition, the Master chairs an annual meeting of senior members of staff in the Trinity term, which scrutinises all aspects of the school's scholarship and bursary provision, and makes awards to internal candidates.

11+ Awards

Scholarships, Exhibitions, All-Rounder Awards and Governors' Presentation Awards are all available. All awards are equally open to external candidates and members of the MCS Junior School and no application is necessary.

13+ Awards

Academic Scholarships for those educated at preparatory schools are by competitive examination, taking place in the Hilary term. Application forms are available from the Registrar or can be downloaded from the school website and must be returned **by Friday 12th January 2018**. Academic Scholarships for applicants from schools in the maintained sector are awarded on the basis of the school's own 13+ entrance examination which takes place in February each year.

No application is necessary. All-Rounder Awards and Governors' Presentation Awards are also made each year, on the basis of performance in the Common Entrance Pre-test or 13+ entrance examination.

Scholarships in Art, Music and Sport become available at 13+ to external and internal applicants. Application forms are available from the Registrar or can be downloaded from the school website and must be returned to the Registrar **by Friday 12th January 2018**.

In Art, all candidates submit a portfolio, and shortlisted pupils attend a scholarship interview. In Music, all candidates are auditioned and should not be of less than Grade VI standard in at least one instrument. In Sport, applicants should be of County standard in at least one sport, and are invited to the school for an assessment day.

16+ Awards

Academic Scholarships are awarded on the basis of the school's standard admissions procedure for Sixth Form applicants. They are conditional on GCSE performance and are awarded at the start of the Michaelmas term.

All-Rounder and Governors' Presentation Awards and Art, Music and Sport Awards operate exactly as outlined above, save that in Music, awards are sub-divided into Choral, Instrumental and Organ Scholarships. (For Instrumental and Organ awards, candidates should generally be of a standard approaching or exceeding Grade VIII.) Drama Awards are also offered at 16+.

Further details and application forms are available from the Registrar or can be downloaded from the school website and must be returned to the Registrar **by Monday 6th November 2017 for Art, Drama and Sport, and by Friday 12th January 2018 for Music**.

At 13+ and 16+ all internal pupils are assessed for Honorary Academic Scholarships without any need for application. Further details are available from the Registrar and on the school website.

FINANCIAL ASSISTANCE (BURSARIES)

School Governors' Bursaries are awarded to new pupils whose parents or guardians are of limited financial means. They are based on a declaration of income and assets and are subject to annual financial assessment. They must also apply for a School Governors' Bursary when they confirm that their son or daughter is to sit the entrance examination: bursaries are then awarded when a place at the school is offered. Where demand exceeds funds, available awards will be made on the basis of the applicant's performance in the entrance examination. As a rule, bursary funding is not available to boys outside the senior school. Further details are available from the Bursar and on the school website.

Hardship Bursaries are awarded to existing pupils where a change in parents' or guardians' circumstances has resulted in difficulty in meeting tuition fees and may result in the child being withdrawn part-way through a stage of education. They are based on a declaration of income and assets and are subject to financial assessment. They are awarded for a short period only and priority will be given to those pupils who are either in their GCSE or A-Level years.

If having read the bursary information document you wish to apply for a bursary, you can complete a Means Testing Form in support of an application, which is available to download on the website or from the Bursar (contact details overleaf).

LEVEL OF AWARDS AND FINANCIAL ASSISTANCE

Scholarships are worth £300 per annum. In addition, Music Scholars will receive free tuition for one instrument from a teacher employed by the school.

Exhibitions are worth £200 per annum. All-Rounder Awards are worth £300 per annum. A Governors' Presentation Award offers a reduction of £500 in the first year of fees.

There is no financial assessment when allocating any of the aforementioned awards.

Bursary awards of up to 100% discount on the tuition fees are available but are subject to testing of parental means. For more details of the bursary schemes, please see the school website.

FURTHER INFORMATION AND ENQUIRIES

All enquiries relating to Scholarships and other awards are handled by the Registrar. Further information, application forms and sample papers are all available in the Admissions section of the school website (see below).

All enquiries relating to Financial Awards are handled by the Bursar. There are also national and local charities who offer financial assistance, and further information is available on these from the Bursar.

TRAVEL TO MCS

TRAVEL BY SCHOOL BUS (OSBP)

MCS is a founder member of the Oxford Schools' Bus Partnership (OSBP), a joint collaboration between five Oxford schools, d'Overbroeck's, Headington School, MCS, Oxford High School and Rye St Antony School. It was formed to provide safe, efficient and reliable routes to school for pupils, while helping to ease congestion and reduce the schools' environmental footprint.

See the following pages for more details of routes, timetables and pricing. More info at www.osbp.net.

TRAVEL BY BUS

MCS enjoys a central position by the River Cherwell and close to bus stops for a number of public bus services. For information of routes, see the bus companies' websites.

Oxford Tube: www.oxfordtube.com

Oxford Bus Company: www.oxfordbus.co.uk

Stagecoach: www.stagecoachbus.com

DIRECTIONS BY CAR

MCS is located on Cowley Place, just off the Plain roundabout. This is accessed from the East (Headington) via St Clement's Street, from the South East via the Iffley and Cowley Roads, and from the West via Magdalen Bridge. The Senior School is located at the far end of Cowley Place on the left hand side (opposite the entrance to St Hilda's College). The Junior School is in School House, on the right as you turn into Cowley Place.

Traffic can be heavy at the beginning and end of the school day. SatNav users should use the postcode OX4 1DZ to locate us.

We regret that parking is not currently available on site due to major building work.

NEW SIXTH FORM CENTRE

BUILDING FOR THE FUTURE

The exciting first phase of the MCS Development Plan will see a purpose-built Sixth Form Centre erected between the New Building and Colin Sanders Building.

The building, due to be completed during Michaelmas 2017, will incorporate key design features to provide a stylish and contemporary social and study complex, sensitively integrated into the school environment.

With an overall floor area of 1,650m², the new Centre will add significantly to the Sixth Form experience for students, at one of the most formative times in their lives. Social space will be the key feature of the four-storey building, which will also include cafeteria, study space and offices.

You can find our more information about the new Centre via the Sixth Form pages of the website, including a document outlining the effects of the building work and answers to some Frequently Asked Questions.
