## Introduction from the Master, Helen Pike

Magdalen College School is a remarkable place. We are now well into our sixth century, and our former pupils include scholars, war heroes, musicians, Olympians, two Nobel Prize laureates, a Hollywood film director, and a saint. Our success in public examinations, in securing places at top universities, and in an astonishing array of extra-curricular pursuits ensures that we continue this proud tradition. We do so by nurturing the individual potential of each of our pupils, and above all we believe that learning is as fun as it is fulfilling.

Magdalen College School was founded in 1480 by William of Waynflete: schoolmaster, bishop of Winchester and Lord Chancellor of England. Being of humble origins, Waynflete was determined that others of ability should be given the opportunity to learn, to serve and to prosper as he did. And so MCS offers a transformative education in our global university city, the community to which we contribute.

We attract and retain the best staff and MCS is a stimulating, welcoming and thriving environment in which both to learn and to work.

A lot happens at MCS. The various sections of our website ([www.mcsoxford.org](http://www.mcsoxford.org)) including the recent [News](#) will give you an impression of our school.

Thank you for your interest.

## Introduction from the Head of the Junior School, Tim Skipwith

The Junior School is a remarkable corner of Magdalen College School. We are housed in School House, a stunning Victorian building overlooking the Rose Garden and Cherwell River. This offers us immediate access to the Senior School facilities whilst retaining our own independence for the younger boys; we are blessed here to be essentially two schools with one heart. We are selective from the outset with a view that any boy joining us should leave the school after completing their 6<sup>th</sup> Form. All of our boys sit the 11+ and it is rare for a child not to progress at that stage; indeed, in the previous three years all of our boys passed, gaining a significant number of awards at this transition point.

Our boys are vibrant, lively and have an inherent “can do” approach. There is a wonderfully warm atmosphere in School House and at the heart of this is simply the nature of the boys. They are kind and emotionally articulate, and this forms an underlying camaraderie of mutual support and respect. They are also bright, academically ambitious learners, which makes teaching here exciting and dynamic. We have a particularly cohesive team of staff with fifteen of us permanently based in School House, and a number who regularly join us from the Senior School. Staff genuinely share a passion for developing every aspect of our children; we also feel that a significant part of this should be fun for all involved. We work very closely with our Parental body and events such as the Family Supper, the J1 Family Sleepover and Family Festival of Sports reflect how important we feel these links are.

We are nothing if not busy here and a brief look at our annual publication [Views from the Bridge](#) will give you a flavour of Junior School life.

Thank you for your interest.

## **Further Information**

### **The Junior School**

The Junior School, for boys aged 7-11, is a happy and highly successful part of one of the country's leading independent day schools. It currently has 136 pupils in eight forms. Although the school has grown substantially in recent years, the intimate size helps to create a family-like atmosphere, where boys demonstrate a spirit of respect and tolerance. We aim to provide an education which enables each boy to acquire an independent and searching mind, to develop a broad range of extra-curricular interests, and to take pleasure in the life of ideas. Key dispositions such as kindness, perseverance, resilience and teamwork underpin all aspects of Junior School life.

Whilst following the broad outline of the National Curriculum, we seek to enrich and extend boys' interest and achievement in a variety of subject areas. Specialist staff and facilities help boys to reach their potential. Entry is now predominantly at 7+ starting with two small classes to which we add at 8+ and 9+. Boys take the school's 11+ tests and almost all pupils move on to the Senior School.

One of the many strengths of the school is the level of pastoral care. This is provided primarily by the form tutor, who is the first point of contact for boys and parents. Each boy is also in one of six Houses in the Junior School: regular opportunities to meet and take part in House events enable boys to work together with pupils from different year groups. The Junior School Council, with representatives from each form, has an important role to play in the running of the Junior School.

From J1 (Year 3) boys are coached with specialist staff to perform to a high standard in a range of sports including football, rugby, hockey, cricket, tennis and athletics. The school's enviable sports grounds are augmented by the use of university facilities, including the Iffley Road athletics track and Rosenblatt swimming pool. Regular fixtures with independent and primary schools occur, and tours have taken boys to schools and clubs around the country. We currently have a number of county sportsmen in a range of sports.

Most boys in the Junior School learn at least one musical instrument, with an impressive variety on offer. Concerts range from regular informal events to performances in the Jacqueline du Pré Music Building, the Sheldonian Theatre and Magdalen College Chapel. The annual House Music event includes opportunities

for parents and grandparents to join the boys. There is also a wide range of chamber ensembles, Junior School Choirs and in last year's Grand Concert forty eight performed together as a full orchestra. The 16 boy choristers of Magdalen College Choir are

educated at MCS, with the School and College working together closely to manage the boys' commitments. Pupils also take part in art workshops and visit galleries. Recent plays and musicals produced include *Robin and the Sherwood Hoodies*, *The Odyssey* and this year we will present *Joseph* at the local Pegasus Theatre in Oxford.

We have recently developed our provision for the boys with an Activities Afternoon where lessons on Thursday afternoons are dedicated to a wide range of activities. These range from animation to forest school and public speaking to sewing. Within this afternoon, strategy games have been brought in to run alongside the chess and a much greater provision for Drama now sees each year group have the opportunity to put on an annual play. This initiative has added to the suite of pre-existing lunchtime and after school clubs. Chess remains very popular amongst the pupils, and is played to an exceptionally high standard. Teams regularly win county and national events, and a number of boys go on to represent their country. Tours run in each age group, and the length of these increases as boys progress up the school. Last Easter we ran our first Ski Trip.
